No. Roc.5247-B2/37.

Station Mount Road, Madras *Dated the* 5th November 1937 19

From (Name) Lt.Col. S.C.Contractor, I.M.S.

(Designation) Inspector General of Prisons

To The Secretary to the Government of Madras,

Home Department.

Sir,

I submit herewith a petition from L.P.Ry. M.K. Ramaiah Medical Officer and Assistant Superintendent of the Junior Certified School, Bellary requesting the grant of compensatory allowance of Rs.30/- as allowed to other Sub-Assistant Surgeons in Jails - vide Rule 48, Class VIII- in. Compensatory allowance - Madras Manual of Special Pay and Allowances, Volume II. The petitioner was appointed on 13-9-36 as the Medical Officer and Assistant Superintendent of the Junior Certified School, Bellary. This post was sanctioned in G.O. No.1758 in. dated 13-8-36. It is

(W)

2/

...ary and non-pensionable. PN 11-127 (V)

2 ... reference is invited to letter No.G.569 dated 14-4-36 wherein the question of permitting the Medical Officer and the Assistant Superintendent to draw a compensatory allowance of Rs.20/- which is the amount drawn by other Sub-Assistant Surgeons in jails and schools for loss of private practice was broached. But a fixed pay of Rs.50/- only was sanctioned in the G.O. cited above withdrawing at the same time the special pay of Rs.20/- granted to the Sub-Assistant Surgeon of the Wellesley Sanatorium Jail, Bellary.

3 The Superintendent of the Junior Certified School, Bellary states that since the creation of the post and the appointment of the applicant the strength of the school has shown a steady increase involving extra work and that the health of the inmates has certainly improved since then. In view of this and in as much as this officer is performing combined medical and executive duties I strongly recommend the grant of a compensatory allowance of Rs.20/-

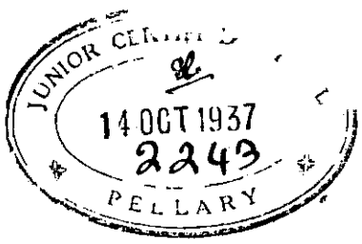
4 By way of comparison I may mention that in the Presidency Jail for Women, Vellore where the population is less, the Sub-Assistant Surgeon is allowed the compensatory allowance for loss of private practice. It is therefore reasonable to extend this concession to the applicant especially in view of the fact that he is in receipt of a very low pay. The extra expenditure involved in the proposal will be met from the sanctioned budget grant.

Lt.Col. I.M.S.,
Inspector General of Prisons.

3

M.K.Kunhiraman Nambiar,

Medical Officer,Junior Certified School,
Bellary.



To

The Chief Inspector of Certified Schools,

Mount Road,Madras.

Through

The Superintendent,
Junior Certified School,Bellary.

Sir,-

In obedience to your personal order to put in a petition for your kind consideration regarding my allowance, I humbly beg to submit the following:

I am appointed as a whole time Medical Officer,Assistant Superintendent and Warden of the Junior Certified School,Bellary on a fixed - pay of Rs.50/- per mensem from the 12th September 1936. I beg to state that the nature of my duties as a whole time Medical Officer,Assistant Superintendent and Wardem,necessitates my continuous stay in the School both day and night and I never get an off duty an any day of the month. (B) I am debarred from private practice as per G.O.No.Ms.1257 Law(General) dated 23-4-37. My pay is R .50/- fixed per mensem which is very low when compared to that allowed for the Sub Assist nt Suggeon of other Jails and hospitals.

I have completed my service for more than a year in this institution and during this period I have worked to the entire satisfaction of my superiors. Therefore I humbly beg to submit my grievances for your kind consideration and pray for your order to permit me to draw the compensatory allowance of Rs.20/- per mensem sanctioned to the Sub Asst. Surgeons of Jails and Schools as per the above Government Order.

For which act of kindness, I shall ever feel grateful,

I beg to remain,
Sir,
Your most obedient servant,

Medical Officer. + A.SS+: Supt:

J.C.S.,Bellary.

Junior Certified School, Bellary - Medical Officer and Asst. Supdt. - Compensatory allowance.

--

The services of Sub Asst. Surgeons employed in Jails, Borstal and Certified Schools by the S.G. as medical subordinates are placed at the disposal of the Inspr.- General of Prisons. A Sub Asst. Surgeon is appointed to the jail service for a period of 3 years. While serving in the Jail Dept. he is entirely debarred from private practice and granted a compensatory allowance of Rs.20 a month.

2. Prior to August 1936, one of the Sub Asst. Surgeons employed in the Wellesley Sanatorium Jail Bellary was performing the duties of medical officer and warden of the Junior Certified School Bellary and was in receipt of a special pay of Rs.20/- a month. This arrangement was considered unsatisfactory and in G.O.No.1758 Home dated 12.8.36 the Govt. sanctioned the appointment of a qualified medical practitioner as medical officer and warden of the Junior Certified School on a pay of Rs.50/- a month. It was ordered that the officer should be designated as Asst. Supdt. and Medl. Officer and that the appointment should be temporary and non-pensionabl The special pay of Rs.20/- a month granted to the S.A.S in the Sanatorium Jail for performing the duties of a medical officer etc. was withdrawn from the date of the appointment of the whole time medical officer. At the time the post was created, the question whether this officer should be debarred from private practice was not specifically considered and nothing was mentioned about it in the order sanctioning the post.

It may be mentioned that before the post was actually sanctioned and when the matter was under correspondence, the C.I. stated that the medical officer of Rs.50/- a month will be required to be paid compensatory allowance of Rs.20 a month ~~will be~~ which is the amount drawn by other Sub Asst. Surgeons for loss of private practice." While passing orders, the Hon. Member stated as follows:-

"The expenditure involved being small, about Rs.30 per mensem, the proposal may be accepted."

It was then noted that the question whether the medical officer should be paid a compensatory allowance of Rs.20/- for loss of private practice might be considered if the C.I. came up again with a request.

3. The Medical officer of the Junior Certified School, Bellary has now requested that he may be permitted to draw the compensatory allowance of Rs.20/- a month drawn by other Sub Asst. Surgeons in Jails and Schools. It is stated that he is debarred from private practice. In forwarding the representation to Govt. the C.I. has strongly recommended the compensatory allowance of Rs.20/-

4. At the time the post was sanctioned, the number of boys in the school was 213. The number rose to 254 at the end of 1936. The present strength of the school ~ 23.10.37 is reported to be 317.

5. The school was visited by the Secretary on 26.11.36. The Secy. then made the following observations about the work of the newly appointed whole-time medical officer.

"I shall not recommend at present that the Asst. Supdt's post should be abolished. Medical work is trivial and the work which he is now doing as Asst. Supdt. can amount to very little. But if he is going to get busy and get to know 250 small boys personally and take a close interest in their well-being, education and training and a considerable fillip is to be given to their manual training and other activities that are to be found, he may justify his existence. If there is not a very great improvement in the school in the next six months, his post should be abolished".

The above observations were communicated to the

C.I. of Certified Schools who was told that if there was no great improvement in the school in the next 6 months steps should be taken to get the post of Asst. Supdt. abolished.

6 The C.I. (Mr. Rutherford) reported that the "medical Asst. Supdt. has had explained to him the work he was taken on for". In recommending the grant of the petitioner's request, the C.I. has stated that since the appointment of the petitioner, the strength of the school has shown a steady increase involving extra work and that the health of the inmates has certainly improved since then.

7 It is for orders whether the Chief Inspr's recommendation may be accepted. If so, the case may be sent to Fin. for remarks. The C.I. has stated that the extra expenditure involved in the proposal will be met from the sanctioned budget grant.

Do the latest inspection reports show an improvement in the school?

With reference to the Secretary's query above, it is stated that the Junior Borstal School, Bellary, was inspected by the Chief Inspector of Borstal Schools on the 18th and 19th August 1937. In his answer to the questionnaire, the C.I. has remarked ~~that~~

as follows:-

Q. Is the general health of the pupils satisfactory? } Yes.

Q. Is the medical and sanitary administration of the school satisfactory in every respect. } Yes.

The school was inspected by the Honorary Inspectress of Certified Schools on 11.11.1937. Her observations on the medical side are extracted below:-

"The health of the boys seemed on the whole quite good. There were two boys in the ~~school~~ hospital suffering from malaria and three boys recovering from fever. One boy was kept in an isolated room as a suspected case of leprosy; a blood test has been taken of this boy and the result is awaited".

Please see para 3 of the C.D.'s letter (P7) (5.12.37) at p 2 C.F.

24/12

S

I do not quite understand why this note refers only to medical. My question was quite general & referred both wards of the anti-syphilis.

17.12

13

Vide reference to the Secretary's note on page 4 ante, it is submitted that the Medical officer of the Junior Borstal School, Bellary, is also the warden and Assistant Superintendent of that school. The duties of the warden and assistant superintendent have not been specifically assigned by Govt. The Assistant Superintendent is the chief executive officer and except in matters educational (for which there are the Headmaster and teachers) he should share with the Superintendent the responsibility for the discipline, general cleanliness, training, well-being etc of the boys. The school was inspected by the D.I.G in August last. He has remarked that the punishments awarded to the boys have been sensible, that registers and books have been properly maintained, that monitors and assistant monitors have been well-chosen, that all boys regularly take part in games, that the scout movement is in operation, that proper discipline has been maintained among the staff. In his general remarks, the C.I has remarked that "every body appears to be doing his best

The school was inspected by the Dy Inspectress on 11.11.37. She remarked inter alia that "the workshops show a great improvement

F 39 (XV) 1758 W

Finance (C.S.R.)

2079

The proposal in this case is for the grant of a compensatory allowance of Rs. 20/- for loss of private practice to the Medical Officer and Assistant Superintendent, Junior Certified School, Bellary. The Home ~~Depar~~ Secretary desires to have the view of Finance on the point.

2. Medical Officers who are entirely debarred from private practice and are on a scale of pay which is intended for officers who are entitled to private

15 X

practice are eligible for a compensatory allowance for loss of private practice. If, however, they are on a specific rate of pay which is not the standard scale applicable to officers who are allowed private practice, no question of an allowance for loss of private practice will arise. For example, Asst. Surgeons in the King Institute, Guindy, who are on a specific scale of pay do not get any compensatory allowance for loss of private practice. Again, an L.M.P. or a Medical Graduate who is a Health Inspector on Rs. 55-5/2-110 or a second class Health Officer on Rs. 85-250 does not get a compensatory allowance for loss of private practice.

3 In the present case, an L.M.P. has been recruited on a special rate of pay and as no other medical officers are drawing the same rate of pay and undertaking private practice in addition, there can be no question of granting him a compensation for loss of private practice. If the pay already fixed for the post is not sufficient to secure the services of a suitable officer, the proper course seems to be to make a slight increase in the pay of the post. As, however, there is obviously no difficulty in securing the services of a suitable officer on the existing rate of pay, Finance may express the view that no change need be made in the existing position.

4 As regards the comparison made with the Sub - Asst. Surgeon in the Presidency Jail for Women, Vellore,

it is submitted that Finance may suggest that if the two cases are analogous, the question of replacing the post in the Presidency Jail for Women, Vellore by an arrangement similar to that sanctioned in G.O. No. 1758 Home dated 12-8-1936 may be considered.

25.1.37

26/1.38.

02839C
27/1

Home Dept.

Finance Dept. have advised against the grant of a compensatory allowance of Rs. 20 a month to the medical officer of the Junior Certified School, Bellary on the ground that he has been recruited on a special rate of pay ie Rs. 55/- a month and that a slight increase in the pay of the post is not necessary as there is obviously no difficulty in securing the services of a suitable officer on the existing rate of pay. The medical officer in the Bellary School has to perform the combined medical and executive duties. There has been a steady increase in the strength of the School. It is not known whether any difficulty will be experienced in securing the services of a suitable officer for the pay offered. But this criterion, viz. availability of a person for the pay offered in a temporary and superannuable post should not, it is submitted, be the deciding factor. For the pay offered there may not be continuity of medical officers which is an important consideration in the treatment of juvenile offenders. It is for orders whether this dept. should agree with Finance that a compensatory allowance is not necessary. If this Dept. agree with Finance, it is for orders whether the medical officer should be prohibited from having private practice. The regular Sub-Asst. Surgeons on civil duty who are borne on the cadre of

Note. p 7a

para 3 on p 2 CF
Original note was on page 313.
Previous page 317

It is stated in Note A that he was provided — p 3 CF

(B)

Sub asst. Surgeon are prohibited from private practice and given a compensatory allowance of Rs. 20/-. In case the medical officer of the Junior certified School, Bellary is not to have compensatory allowance, if the C. D. may be told that the (medical officer) should be allowed to have private practice. There is no order of Govt. that he should be prohibited from having private practice. The C. D. seems to have issued orders to that effect. If the medical officer is allowed to have private practice, the question whether by doing private practice he will be neglecting the interests of the School may also require consideration.

FN 33-34.

2. Finance Dept. have suggested that the question of replacing the post of the Sub assistant Surgeon in the Presidency Jail for women, Vellore by a medical officer similar to the one in the Bellary School may be considered, if the two cases are analogous. It is noted that the C. D. cites the case of the Women's jail by way of comparison in the matter of lock up. The daily average population of the jail in 1936 was 247. There is no compounder attached to the School. The case of the Women's jail is special because Children of female prisoners under the age of 6 are also admitted with the mothers and Children born in jail may remain with their mothers upto 6 years of age. It is doubtful whether women Sub asst. Surgeons will be available for jail duty on a fixed pay of Rs. 150/- with no pensionary

FN 8 ante.

para 44 on FN 2 CF

rule 836 of the Jail

rights. In the circumstances, it is for others whether the suggestion of finance should be pursued

28m
11/2/38
(D)
11-2-38.

At present the "Medical Officer & Asst. Superintendent" receives the pay of a L.D. clerk. It is intended to be a full time post. He may, perhaps, be given another £20 per annum, in the form of an increase in pay rather than compensation for loss of practice if finance prefer it.

The strength of this school has increased by 50% since he was appointed

F87.
20/2
S

There is no real comparison between Vellore & Bellary — In Vellore the M.O. is ord. asst. supt. Dr Bellary he is asst. supt. & is expected to take a clear personal interest in all the boys. The purely medical work is certainly not a full-time job & the value of this officer depends on the extent to which he interests himself in the well being of the boys, leads them aright &c.
I gather from the Dy C's report that he is doing so. If that is the case it is worth while keeping him. We cannot expect him to stay on indefinitely for any

Home Department.

This case relates to the grant of compensatory allowance of Rs.20/- a month to the medical officer of the Junior Certified School, Bellary. Prior to August 1936, one of the Asst. Surgeons employed in the Wellesley Sanatorium Jail, Bellary was performing the duties of a medical officer and warden of the Junior Certified School at Bellary. It was reported by the C.I. in September 1935 that this arrangement was unsatisfactory and that a whole-time medical officer should be appointed. A whole time medical officer was appointed in G.O.1758 Home dated 12.8.36 on a pay of Rs.50/- a month. The appointment was ordered to be temporary and non-pensionable. The officer was designated as Asst. Supdt. and Medical Officer. He has other duties besides medical duties

Medical Subordinates of Jails, Borstal Schools and Certified Schools at Chingleput and Ranipet are Sub Asst. Surgeons whose services are lent by the Surgeon General. The Sub Asst. Surgeon is appointed to the Jail Service for a period of 3 years. While serving in the Jail Dept, he is entirely debarred from private practice, but granted a compensatory allowance of Rs.20/-a month.

2.At ~~that~~ the time the post of a whole time medical officer and ~~an~~ an Asst. Supdt. was sanctioned for the Bellary Certified School in August 1936, the strength of the school was about 200. The strength of the school at the end of 1937 was 340. Though the Govt. have not specifically ordered that the medical officer should be debarred from private practice, it appears that the C.I. has ordered him not to have private practice. The Asst. Supdt. and Medical officer has requested that he may be permitted to draw the compensatory allowance of Rs.20/- sanctioned for ~~other~~ Sub Asst. Surgeons employed in jails and schools in lieu of loss of

private practice. The C.I. has strongly recommended the grant of a compensatory allowance of Rs.20/- on the following grounds:-

(a) Since the creation of the post, the strength of the school has shown a steady increase involving extra work:

(b) ~~that~~ The health of the inmates has improved since the creation of the appointment:

(c) ~~that~~ The officer is performing combined medical and executive duties:

(d) he is in receipt of a very low pay.

The C.I. has incidentally mentioned that the Sub Asst. Surgeon of the Presidency Jail for Women Vellore where the population is less is allowed compensatory allowance of Rs.20/- in lieu of loss of private practice. Finance have argued that there is no need to give compensation for loss of private practice as the officer was appointed on a special rate of pay. They also observe that there is no need to increase the pay of the post as there is obviously no difficulty in securing the services of a suitable officer on the existing scale of pay.

3 At the time the appointment was sanctioned no condition was stipulated that the medical officer should be debarred from private practice. The officer performs the duties of medical officer, Warden and Asst. Supdt. The pay that he receives (i.e. Rs.50/) is barely the pay of a lower division clerk. The strength of the school has increased by more than 50% since he was appointed. For the reasons given in the Secretary's notes on pp.11-12 ante, this dept. may press for the grant of Rs.20/- per mensem in the form of increase in pay rather than compensation for loss of private practice.

Certified School at Bellary, at whose instance the pay of the post has now been revised, is reported to have died on 2-3-1938. With reference to the minutes # of the Hon'ble the Premier, the Home Department propose to issue orders revising the pay of the post from Rs. 50/- to Rs. 50-10-80. The scale provides for annual increments. It is, however, the policy of Government since the revision in 1933 to sanction time-scales only with biennial increments -- please see the scales of pay introduced by G.Os. Nos. 2486 Public(Services) dated 31-12-1937 and 169 Public(Ser) dated 29-1-1938, and in accordance with this policy, Finance may suggest that the increment may be biennial in the present case also. The scale of pay will then be Rs. 50-10/2-80 (a seven year scale).

See draft order below

The petitioner Mr. Kunniraman Nambiar, at whose instance the pay of the Asst. Supdt. and Medical Officer, Junior Certified School, Bellary has been revised, is reported to be dead. The C.I. has called for applications to fill the post.

As ordered by the Hon. the Premier, the new incumbent will be getting only Rs. 50/- to start with in the scale of Rs. 50--10--80. As however the present policy of Govt. is to allow only a biennial increment, Finance have suggested that the pay of the post may be Rs. 50-10/2-80. (a 7 year # scale).

B above

~~average increment~~. In cases where the scales of pay before the revision in 1933, provided for an annual increment of Rs.10/-, the increment was revised as Rs.15 for two years (15/2). If the scale in the present case is put as 50-15/2-80, it will be a 6 years scale.

Submitted for orders whether the Fin. Dept's suggestion may be accepted.

Whether the PM has already ordered that the scale will be 50-10-80. Fin wish to cut this down again by making the increments biennial. This results in making the post less remunerative & thereby less attractive to applicants. The only reason given is that it is usual to make increments biennial. That may be a reason to make the increments biennial instead of annual but it is not a reason for reducing the pay of the post. If the increments are biennial, the increments
